

# SOLUTION REQUIREMENTS

## Project: Sports Hall Booking System

Date: 25 May 2026

### Functional Requirements

| Requirement          | Description                                       |
|----------------------|---------------------------------------------------|
| User Login           | Users authenticate securely.                      |
| Hall Management      | Admin manages sports halls.                       |
| Time Slot Management | Admin creates available slots.                    |
| Booking              | Users reserve available halls.                    |
| Approval Workflow    | Coordinator approves/rejects requests.            |
| Notifications        | Email notifications for status changes.           |
| Reports              | Generate booking history and utilization reports. |

### Non-Functional Requirements

- High availability
- Secure role-based access
- Fast response time
- Scalable architecture
- Easy maintenance
- User-friendly interface
